PRODUCT DESCRIPTION	VERSION/ MODEL	US ECCN	CCATS NUMBER	AVAILABLE LICENSE EXCEPTIONS	US HTS	IRISH ECCN	IRISH and CZECH REPUBLIC HTS	SINGAPORE CATEGORY CODE	SINGAPORE HTS
If you cannot find the product classification you are seeking, please email Product_Classification@Symantec.com.									Updated: September 1, 2015
The word "SELF" in the CCATS column is used to identify those products that are self-classified under either Part 740.17.b.1 or Part 742.15.b.1 of the U.S. Export Administration Regulations (EAR). If you have questions about the revised encryption regulations, please consult Parts 740.17 and 742.15 of the EAR. The word "CRYPTO" in the IRISH ECCN column means Cryptography goods not controlled by 5A002 and 5D002 because they meet all of the conditions of the Cryptography Note under Irish export controls.
