DESCRIPTION

This is the **USB-A Male Plug to 5-pin Terminal Block**. If you need to connect to a device with a USB Jack, maybe make your own USB stick or custom cable of sorts - this adapter will come in very handy! **No soldering required**. Just use a small screwdriver to open up the terminal blocks, slide in your stranded or solid-core wire, and re-tighten.

The terminal block itself is removable from the body. It's more durable than soldering wires onto a connector and all the pins are labeled, which is really nice because we keep forgetting the

TECHNICAL DETAILS

Terminal Block Pitch: 5mm

Product Dimensions: 52.0mm x 19.0mm x 11.4mm / 2.0" x 0.7" x 0.4"
