3M™ 710 25-Pair Splicing Rig

 [Format d'imprimante convivial](#)

Designed for consistent, reliable splices. It is a factory-calibrated, low-maintenance tool that makes it fast and easy to create a good splice every time.

NI 3M : 80-6111-4869-5

Renseignements Additionnels

The 710 splicing rig allows operators to work more productively. It`s color-coded for quick and accurate pair identification, needs no wire retention guides to hold wires in place during splicing, and includes a conductor group holder that makes it easy
