DESCRIPTION

Make your own custom DE-9 cable or DE-9 interface with ease, using this **DE-9 Socket to Terminal Block Breakout**. You get a nice solid PCB with an DE-9 socket and two strips of

Downloaded from [Arrow.com](#).
terminal block breakout can use with stranded or solid core wire to quickly assemble your own

wiring jigs.

Perfect for when you need a non-standard wiring setup or interfacing to an older device with one of these connectors

Sometimes DE-9 connectors are referred to as DB-9. Technically that's the wrong name, but its so ingrained that most people only know the connector as DB-9.

Comes with one fully assembled breakout and a clip-on housing.
