DESCRIPTION

This convenient **3.8mm/1.3mm** or **3.5mm/1.1mm** or **1.3mm** DC to **2.1mm** DC adapter cable lets you plug one of our [solar panels](#) into [our optimized Solar Lithium Ion/Polymer charger!](#)

2.1mm inner diameter (5.5mm outer diameter) is the most common type of DC plug, but you can use this adapter for anything else that has a 1.1 or 1.3mm ID (3.5-3.8mm OD) DC jack! The adapter has little springy parts inside so it can be used with 3.5mm to 3.8mm OD plugs.

Lithium Battery Shipping Restrictions

TECHNICAL DETAILS

- Cable Length (end to end): ~165mm / 6.5"
