Vuquest 3310g

Vuquest 3310g

Honeywell's Vuquest 3310g compact area-imaging scanner offers aggressive scanning of all 1D, PDF and 2D bar codes in a lightweight, durable and portable form factor. The scanner's sleek and elegant design also blends seamlessly in retail environments.

Powered by Adaptus® Imaging Technology 6.0, the Vuquest 3310g delivers superior bar code scanning and digital image capture. Aggressive reading of bar codes on highly reflective surfaces, such as mobile phone screens, eliminates the need to purchase additional specialty hardware.

Specifications

Flexible Licensing Solution: Allows current scanning needs to be met while protecting the option to upgrade scanning capabilities in the future by simply purchasing a license for the appropriate feature

Intelligent Multi-Interface Design: Supports all popular interfaces in one device, replacing the time consuming process of scanning programming bar codes with automatic interface detection

TotalFreedom 2.0: Second-generation plug-in development platform enables the loading and linking of multiple applications directly onto the scanner, eliminating the need for host system modifications while offering expanded decoding and data formatting functionality

High Visibility LED Aimer: Ensures accurate targeting, even in bright sunlight

Remote MasterMind™ Management Software: Reduces total cost of ownership by providing a turnkey remote device management solution that easily manages and tracks
